

## **“Anvi” Leather Tool Pouch & Belts:**

Solving efficiency problems for your everyday carry on the job.  
Our tool belts are built on a foundation of non-negotiable values:  
**efficiency, durability and trade specific tool placement.**

### **Leather:**

Our leather Pouch are built with heavy thick leather that is **extremely durable** but still pliable enough to break in to get the best fit for the user.

### **Rivets:**

Rivets are set in a variety of ways depending on **structural need and desired aesthetic.**

### **Metal:**

Our hammer loops, tool hooks and drill clips are manufactured in house and made with **high quality steel to ensure longevity** in the harshest environments.

### **Stitching:**

We use **good quality thread and finish all stitch lines with rivets.** We do fantastic stitch to all points prone to failure.

**“Our promise is to provide the Best quality material with timely deliveries”.**
